# **SITUATION SUMMARY**

## **2<sup>nd</sup> Round of Winter King Tides**

The second round of this winter's King Tides are expected to begin this morning, peak on Tuesday, and last through Wednesday. The first high tide will start this morning with low tide in the afternoon to early evening hours.

### **Impacts**

- Minor coastal flooding along the immediate coast and bay front, impacting low lying roadways and parking lots, coastal trails and water front sidewalks.
- Loss of access to narrow beaches and coves.
- Strong rip currents at beaches during low tide.

### **Weather of Concern**

- No significant Weather Watches or Warnings are in effect.

**Active Weather Warnings, Watches and Advisories by County:** [http://www.wrh.noaa.gov/sto/brief/www\\_bc\\_cal.php](http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php)

### **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

.

# The second set of the winter King Tides will arrive Monday lasting through Wednesday.

## Timing:

- Monday January 19<sup>th</sup> through Wednesday January 21<sup>st</sup>
- High tide will occur during the mid to late morning hours.
- Low tide will occur during the afternoon to late evening hours
- More detailed tide info:
  - <http://bit.ly/13IS8hU>

## Tide cycle for Ocean Beach San Francisco

- Mon Jan 19<sup>th</sup>
  - High 6.96ft @ 9:09 am
  - Low -1.13ft @ 4:04 pm
- Tue Jan 20<sup>th</sup>
  - High 7.03ft @ 9:57 am
  - Low -1.24ft @ 4:47 pm
- Wed Jan 21<sup>st</sup>
  - High 6.92ft @ 10:46 am
  - Low -1.14ft @ 5:30 pm

## Impacts:

- The following *impacts will occur* along the immediate coast and Bay front as well as coastal marshes and sloughs.
- Sea water on low lying areas such as:
  - Roadways/underpasses
  - Coastal trails and sidewalks
  - People visiting beaches may lose entry and exit to coves and narrow beaches

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

High pressure over the region will maintain dry weather conditions through the weekend.

#### **Medford Weather:**

Lingering light precipitation along the North Coast and over Modoc County will end later today as a long wave upper ridge builds into the area and low level offshore flow sets up. Tonight through Wednesday night will be dry for the forecast area. Short waves riding over the ridge will move through the area Thursday through Friday night bringing the next chance of precipitation.

#### **Reno Weather:**

High pressure will build over the Eastern Pacific this week expanding over the West Coast by next weekend. Valley temperatures will cool the next couple days as inversions return, but will then warm again by midweek. Dry conditions may persist through late this month as high pressure remains near the West Coast.

#### **San Francisco Weather:**

Areas of dense fog throughout the Bay Area this morning will slowly lift through midday. The weather pattern remains quiet with seasonable temperatures and dry weather through Wednesday. By Thursday, stronger high pressure will begin to build through the weekend with record high temperatures possible.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

Dry weather with areas of night and morning fog is expected this week for the forecast area. In addition, temperatures will rise well above normal after midweek.

#### **Hanford Weather:**

High pressure will continue to dominate the region. The San Joaquin Valley will see a continuation of cool weather under mostly cloudy skies along with night and morning fog. Conditions outside the valley will be mostly sunny with above normal temperatures.

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

Temperatures will fluctuate up and down several degrees but remain above normal through midweek as weak offshore flow strengthens and weakens. Low clouds and fog will return to parts of the coast this week as well. Well above normal temperatures are expected later in the week as a large ridge of high pressure and stronger offshore flow develops.

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

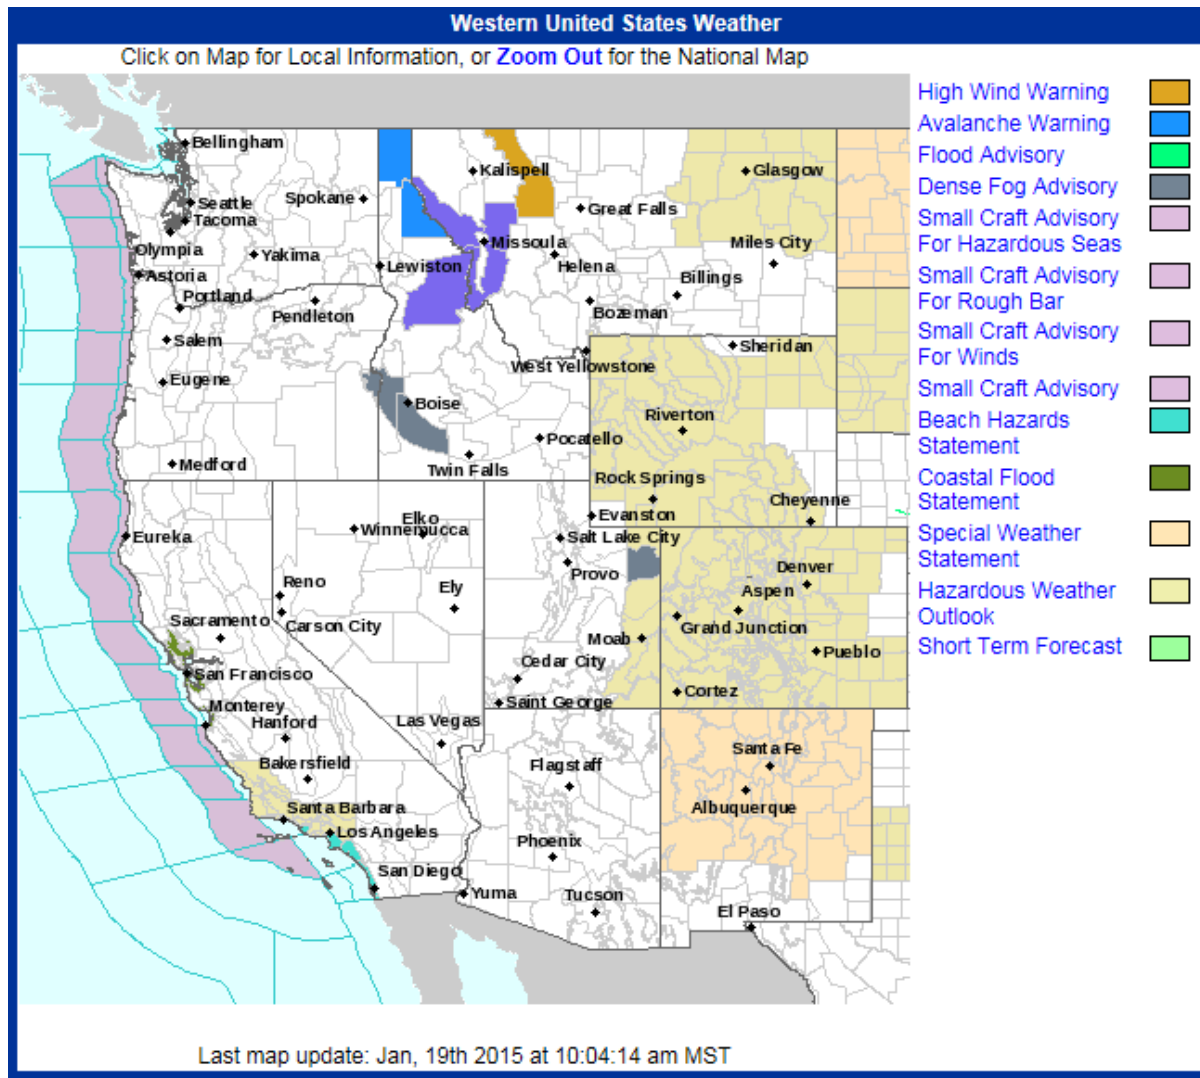

Onshore flow and deepening of the marine layer will bring cooling through Wednesday with a return of night and morning coastal low clouds and fog. For Thursday through next weekend, high pressure aloft over California and surface high pressure over the Great Basin will bring warmer high temperatures and periods of moderate strength gusty northeast winds for the coastal mountain slopes and adjacent foothill areas.

#### **Southeast California Weather:**

High pressure will be the predominant influence over the Desert Southwest this week keeping temperatures above normal. However, a weather disturbance moving through Wednesday and Thursday will bring some temporary cooling. Breezy to windy conditions can be expected at times over Southeast California the latter half of the week.

# **RECOVERY ACTIVITIES**

## **Magnitude 6.0 Earthquake, American Canyon, Napa County**

- Cal OES and FEMA announced that the Major Disaster declaration for the South Napa earthquake will also include the Individuals and Households Program under the Stafford Act. This amendment makes assistance available to help homeowners and renters recover from the earthquake.
- As a result of President Obama's major disaster declaration, the U.S. Small Business Administration declared Napa and Solano counties, making residents and business owners eligible to apply for low-interest physical loss disaster loans. This declaration also made available low-interest Economic Injury Disaster Loans (EIDL) for businesses to apply in the primary counties of Napa and Solano, as well as the contiguous counties of Contra Costa, Lake, Sacramento, Sonoma, and Yolo.

## **Recovery Activities**

### Public Assistance

- RPA: 63 RPAs were received and 14 have withdrawn for a total of 49 FEMA approved open applications.
- Kickoff Meeting: 56 Kickoff Meetings have been completed leaving 1 remaining to be scheduled once through FEMA's review queue. It is currently anticipated all kickoff meetings will be complete by 1/7/2015.
- PW: 215 PWs are anticipated to be written as a result of the Napa Earthquake. Currently, 75 PWs are in draft, 63 PWs are entered into the federal database system, 51 of which have been obligated.
- Exit Briefing: 11 applicants have had Exit briefings conducted.

### Individual Assistance

- The FEMA and State VAL continue to work with nonprofit organizations in Napa County regarding Long Term Recovery efforts. The Napa Earthquake Recovery Group, aka, eNERGy will be holding a general meeting.
- Cal OES IA Voluntary Agency Liaison (VAL) continues NGO coordination in Solano County. The Vallejo Earthquake Recovery Group (VERG), a long term recovery group, has formed and has established by-laws and elected an Executive Board. United Methodist Committee on Relief (UMCOR) will provide case management training to local organizations in Napa and Solano counties.
- The registration deadline for individuals and businesses to request FEMA and SBA assistance closed on Monday, 12/29/14.
- Assistance Centers – The Local Assistance Center (LAC) in Napa transitioned to an SBA DLOC on Tuesday 12/30/14. The smaller operation maintains a presence by SBA staff. Hours of operation are 8 a.m. to 4:30 p.m., Monday through Friday.

# **RECOVERY ACTIVITIES**

## **2014 Statewide December Winter Storms**

On 12/22/14, Governor Brown declared a State of Emergency in Marin, Mendocino, San Mateo, and Ventura Counties as a result of the statewide storms impacting California. At this time, Cal OES Regions and Recovery continue to work closely with all impacted operational areas to assess the impacts, losses, and costs of the December Winter Storm.

### **Recovery Activities**

#### Public Assistance

- IDE field validations have been completed in Tehama, Marin, Sonoma, Lake, and San Mateo Counties.

#### Individual Assistance

- On 1/2/15, SBA declared the primary county of San Mateo and the contiguous counties of Alameda, San Francisco, Santa Clara, and Santa Cruz a disaster area.
- On 01/07/15, the San Mateo County South San Francisco Local Assistance Center (LAC) located at 329 Miller Avenue, SSF, transitioned to an SBA DLOC and will remain open Monday through Friday, 9 a.m. – 6 p.m. The DLOC closed on 01/15/15, at 6 p.m.
- On 1/16/15, a DLOC will operate at the Fair Oaks Community Center located at 2600 Middlefield Road in Redwood City. The DLOC will operate from 2pm-7pm on Friday only and will provide outreach to residents of the Harbor Trailer Park.
- On 01/07/15, SBA declared the primary county of Tehama and the contiguous counties of Butte, Glenn, Mendocino, Plumas, Shasta, and Trinity a disaster area.
- On 01/06/15, Tehama County opened a LAC at the Red Bluff Community Center at 1500 South Jackson Street, Red Bluff. LAC operations are 01/06/15, through 01/08/15, from 9 a.m. to 6 p.m. On 01/09/15, the LAC will transition to an SBA DLOC and will remain open Monday through Friday, 9 a.m. to 6 p.m. The DLOC will close on 01/16/15 at noon.

# CAL OES 2014 DROUGHT

## Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued an Executive Order on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought. Specifically, through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate a biweekly state interagency conference call regarding drought community impacts.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
